Tech Source names new President

ALTAMONTE SPRINGS, FL -- (November 1st 2005) – Tech Source Inc. today announced that Selwyn L. Henriques has been appointed President of the company. Henriques previously headed the Engineering and R&D groups at Tech Source, a position which he has held for over eight years. Henriques has been with Tech Source for over fifteen years.

Henriques said:*"Tech Source has been on the cutting edge of graphics engineering and innovation since it was founded in 1987. I am very excited to have been given the opportunity to lead the company through its next stage of growth"*

"We are pleased that Selwyn has accepted this new position. His experience and understanding of our products and the marketplace will be instrumental in our success for the future. We believe that his reputation and his ability to forge strong relationships will assist us in developing strategic partnerships as we move forward." stated Edward Leal, Chairman of the Board.

ABOUT TECH SOURCE

Privately owned, Tech Source, Inc. is a leading manufacturer of high-resolution graphics accelerators for OEMs of PCI computer systems. Tech Source is widely known for its Raptor PCI family of graphics accelerators. For more than 18 years, Tech Source has provided advanced solutions for OEMs, integrators, government contracts, VARs and large corporate users. Tech Source is a leading supplier of graphics accelerators for applications requiring ultra-high resolution, such as air-traffic control, medical, seismic and satellite imaging.
